FOR COMFORT AND SAFETY OF ANYTHING YOU CARE IN YOUR LIFE

INDUSTRIAL AUTOMATION

CITY AUTOMATION

HOME AUTOMATION

We always ask ourselves this question: How can we provide both comfort and safety at the same time? Yes, in fact, comfort and safety are two conflicting words... But we ourselves create miracles with these two words... just with some knowledge, intelligence and ability... which are our key words en route to serve humanity. With these key words, we fit comfort and safety into a frame and here emerges White Rose. We, as White Rose, questioning continuously, have rendered our products suitable for people, not the other way around.

What are their needs, how can we assist them in their daily life? First, we discussed all these questions with our professional team and then we could answer them observing the needs of our people.

Thus, under three titles, we made use of our cutting-edge technology for humans comfort and safety. With our Industrial Automation, Urban Automation and Home Automation products we obtained answers of our questions and so we became an unrivaled company in Turkey, ranking among leading companies in the World. Thanks for deciding to get familiar with advanced technology we offer.

SAFE AND EASY
PASS GIVE YOU HAPPINESS

WHAT IS PARKING MANAGEMENT SYSTEM?

Nowadays, needs of parking management system is increasing. Because of this situation parking system business administrators should improve their customer service methods, increase their profits and control the incomes easily. Our company presents a wide serie on this wih every kind of solution of needs from 20–30 cars small parkings to huge parkings which enters more than thousand cars daily. The system start to work from the entry of cars to parking and getting ticket which includes time, date and plate informations. You can automatically charge this parking service with exit of cars and scanning tickets on the exit point. If you are member so you will get the contactless cards from the operators (weekly, monthly, yearly) You will use that cards on the machines when enter or exit side. Validity period of member cards can be extend in request.

EASY TO USE NEW INTERFACE AND FEATURES MAKE YOUR WORKS EASIER

Advantages of Parking Management System

User Login
